PUBLIC NOTICE

Let me first thank the citizens of Pendleton County for their continued cooperation as we address the issues pertaining to the Convid-19 Emergency. Pendleton County has been fortunate thus-far, and you the citizens have taken the warnings that have been issued pertaining to good hygiene practices and reducing involvement in group activities, so again thank-you. We have had to do some lifestyle changes lately in our daily lives but those decisions have been for the health, safety, and wellbeing of each of us. Yesterday we were informed that restaurants would need to be closed to any set down eating but drive-through and pick-up service could remain in service. Late yesterday it was announced from the Governor that all government offices will cease all face-to-face contact and close their office to the public by close of business today, this would consist of the County Clerk's Office and County PVA Office. Please see their individual notices attached.

I feel that the county needs to do its part as well in continuing best practices to limit the spread of the Convid-19 and to control any unnecessary face to face business. At this point I have decided through an Executive Order to close the County Courthouse, County Road Dept. Solid Waste Dept. to the public. All offices will remain open and continue to conduct business through phone calls, mail, email, fax, and internet based methods. Employees are prohibited from providing nonessential in-person county government services outside of county buildings or sites. I encourage every citizen to continue good hygiene practices and engage in social distancing when around others.

For additional information from the respected offices please use the following numbers.
